

## Advance Directives

You have the right to appoint someone, through Advance Directive, to make medical decisions for you if you become unable to make your own decisions.

After you talk to family, friends, and your physician about your health care wishes, designate someone you trust to be your patient advocate. Fill out a Patient Advocate form in the presence of two witnesses, sign it, and have the witnesses sign it. Give copies to your doctor, patient advocate, attorney (if you have one) and your healthcare facility.

**Keep the signed original in a safe place with your other personal papers.**

Your advocate cannot make a healthcare, custody, or medical treatment decision on your behalf unless your attending physician and another physician or licensed psychologist determine that you are not able to do so.

Advance Directive/ Designation of Patient Advocate booklets are available in the Patient Registration area at Otsego Memorial Hospital. If you would like more information, please contact the Social Worker at (989) 731-2190, or call 1-800-322-3664.

## Concerns, Complaints, and Grievances:

You have the right to raise concerns/grievances regarding your care and have them heard through a formal grievance process. You may contact the Risk Manager at (989) 731-7703 to lodge your complaint.

You have the right to directly lodge a grievance with a State agency without first using the hospital's grievance process by contacting the Department of Licensing & Regulatory Affairs at 1-800-882-6006.

Quality of care concerns may be reported to the Joint Commission at 630-792-5000, or [www.jointcommission.org](http://www.jointcommission.org)
